

Professional reflection and growth will consist of a written statement prepared by the Tier 3 or 4 teacher that demonstrates reflection on his/her professional accomplishment and includes a self-assessment of his/her professional growth using one of the following types of evidence:

- *Support for student learning*
- *Use of best practices techniques and their applications to student learning*
- *Collaborative work with colleagues that includes examples; such as committee work, staff development programs, professional learning communities, professional learning walks*
- *Continual professional development; job-embedded or other ongoing formal professional learning such as coursework.*
